

Appendix I

*Appendix I of the Activities Planned for 2002-2003 lists the
Initial Environmental Evaluation/ Environmental Assessments from
October 1, 2001 - September 30, 2002.*

1. Installation of Seismic Stations for the Trans Antarctic Mountains Seismic Experiment (TAMSEIS) Project [MCFC0201.IEE]. Signed 10/16/01
2. Collecting Sediment Cores in the Lakes of Taylor Valley, Antarctica [MCDV0202.IEE]. Signed 10/02/01
3. Use of an Emergency Landing Area at Odell Glacier, Antarctica [PGAN0203.IEE]. Signed 10/15/01
4. Installation of Instruments in McMurdo Dry Valley Surfaces for Wind Shear Study [MCDV0204]. Signed 10/23/01
5. Temporary Erection of Fencing, Cape Hallett, Antarctica [PPGAN0205.IEE]. Signed 10/26/01
6. Construction and Operation of a Remote Seismic Station at Amundsen-Scott South Pole Station [SPST0206.IEE]. Signed 10/30/01
7. Establishment of a Deep Field Camp and Completion of Seismic Surveys at the Onset of Ice Stream D, West Antarctic Ice Sheet, Antarctica [PGAN0207.IEE]. Signed 11/08/01
8. Construction and Operation of SATCOM Ground Station at Palmer Station, Antarctica [PLST0201.IEE]. Signed 03/11/02
